EDUCATION

MBBS

Medicine and Surgery

College of Medicine, University of Ibadan

Ibadan, Nigeria

2015 – current

GPA: 3.66/4.0

Relevant course: Biostatistics

Agbami Medical and Engineering

Professional Scholarship Award

*The Federation of African Medical
Students' Associations (FAMSA) Director
for Media and External
communications 2020 – December
2020*

SKILLS

Python (NumPy, Pandas, Scikit-learn,
TensorFlow)

SQL (MySQL, Postgres)

Git

Visualization with Matplotlib and
Seaborn

Predictive Modelling

Microsoft Excel

SUMMARY

Inquisitive and detail-oriented Data Scientist with hand-on experience working with Python for data mining, exploration for insights, predictive modelling and data visualization. Looking for a data science position in which I can continue to grow.

WORK EXPERIENCE

TechBridge Consulting Limited

Data Scientist (Intern)

Lagos, Nigeria | July 2020 – December 2020

- Acquired strong skills in data manipulation, cleaning and exploratory data analysis. And able to make logical conclusion on large and complex datasets
- Developed Python codebase classification and Regression models that were used in making predictions, with Sci-kit Learn
- Performed visualization of various real-life data using visualization tool such as Matplotlib and Seaborn
- Good oral and written communication skills
- Knowledge of statistical analysis and methodologies
- Gained knowledge of Relational Database SQL (Postgres and MySQL)
- Managed codebase using Github
- Work with Anaconda programming environment
- Collaborated and work remotely with other Data Scientists, with minimal physical meetings
